The delay must be beyond the control and without the fault or negligence of the Contractor. For any Claims related to an Unusually Severe Weather Condition, the Contractor must comply with and make a notice of claim in accordance with this Section.

Any request by the Contractor for an extension of time shall be made in writing to the Owner, through the Contract Officer and/or Construction Director, no more than ten (10) days after the initial occurrence of any condition which, in the Contractor's opinion, entitles the Contractor to an extension of time. Failure to timely provide such notice to the Owner shall constitute a waiver by the Contractor of any claim for extension, damages or mitigation of Liquidated Damages, to the fullest extent permitted by law.

SECTION TEN: CORRECTING NON-CONFORMING WORK

If a portion of the work is covered contrary to the Contract Officer and/or Construction Director request or to requirements specifically expressed in the Contract documents, it must, if requested in writing by the Contract Officer and/or Construction Director, be uncovered for the Contract Officer and/or Construction Director's and or Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

If a portion of the Work has been covered which the Contract Officer and/or Construction Director has not specifically requested to examine prior to its being covered, the Contract Officer and/or Construction Director may request to see such work and it shall be uncovered by the Contractor. If it is determined that such work has been performed in accordance with the Contract documents all costs incurred by Contractor to uncover and replace the work shall, by appropriate change order, be reimbursed by the Owner. If such work is found not to be in accordance with the Contract documents, any and all required corrections shall be assigned to the Contractor unless the condition was caused by the Owner or a separate contractor in which event the Owner shall be responsible for payment of such costs.

When it appears to any authorized representative of the Owner or Contractor during the course of construction that any work does not conform to the provisions of the contract documents, Contractor shall make necessary corrections so that such work will so conform, and in addition Contractor will correct any defects caused by him or by a subcontractor, appearing within one year from the date of issuance of a certificate of Contract completion by the Owner, or within such longer period as may be prescribed by law or as may be provided for by applicable special guarantees in the contract documents.

SECTION ELEVEN: CHANGES IN THE WORK

The Owner reserves the right to order changes in the work in the nature of additions, deletions or modifications, without invalidating the Contract, and agrees to make corresponding adjustments in the Contract Price and time for completion, if justified. Any such changes will be authorized by a written change order signed by an authorized representative of the Owner. The change order will include conforming changes in the Contract and completion time. Work shall be changed, and Contract Price and completion time shall be modified only as out in the written change order. Any adjustment in the Contract Price resulting in a deductive credit or a charge to the Owner shall be determined by the mutual agreement of the parties to the Contract.

SECTION TWELVE: TERMINATION

The Owner may terminate this agreement on ten (10) days written notice and in such case Contractor shall only be entitled to payment for work performed prior to receipt of said notice. Additionally, the Owner may immediately suspend operations under this agreement by written notice of any breach. Suspension shall continue until the Owner's authorized representative certifies in writing that the breach is remedied. If Contractor is still in breach after seven (7) days from the notice of suspension, the Owner may, without further notice, terminate all rights of Contractor under this agreement.

Any failure by the Owner to suspend or terminate this agreement in case of breach shall not waive Contractor's duty to perform strictly in accordance with this agreement. Failure by Contractor to perform on its part any duty, term or condition herein shall constitute a breach.

Any notice sent under this Section may either be sent by personally giving a copy thereof to Contractor or its agents, employer or contractors or mailing a copy to the address set forth herein.

SECTION THIRTEEN: DISPUTES

Tulalip Tribes' Limited Waiver of Sovereign Immunity; Consent to Jurisdiction. By signing this contract, The Tulalip Tribes neither waives, limits, nor modifies its sovereign immunity from any lawsuit, except as expressly provided in this Section Thirteen. The Tulalip Tribes hereby expressly and irrevocably waives its sovereign immunity (and any defense based thereon) for arbitration of Claims arising out of or related to this contract, but only pursuant to subsections (b), (c), (d), (e) and (f) below, and to that extent, irrevocably consents to and submits itself to the jurisdiction of the tribal court of The Tulalip Tribes ("Tribal Court") for the purposes of compelling arbitration of a Claim, confirming an arbitration award or collecting sums due and owing pursuant to an otherwise enforcing any award or judgment. This limited waiver and consent are expressly limited to the following limitations and qualifications:

- a. If the parties do not resolve any dispute through direct negotiation, either party shall submit the matter to mediation with a professional mediation service mutually agreed upon by the parties, as a condition precedent to arbitration. Persons with authority to resolve the dispute shall be present at the mediation. If the parties do not otherwise agree on a mediation service to conduct the mediation, the mediation shall be conducted in accordance with the Construction Industry Mediation Rules of the American Arbitration Association. The parties shall share the mediator's fee, filing fees and associated costs equally.
- b. If, within 30 days of any such submission by either party, the mediation has not resulted in a resolution of the dispute, either party may submit the dispute to binding arbitration in accordance with the [Construction Industry Rules of the American Arbitration Association](#) and the [Federal Arbitration Act](#); provided, however, that the party demanding arbitration shall serve upon the other party, personally or by registered mail, a written notice of intention to arbitrate. Such notice must state in substance that unless within (20) twenty days after its service, the party served therewith shall file a motion to stay the arbitration, such party shall thereafter be barred from putting in issue the existence or validity of the Agreement or the agreement to arbitrate.

1. The [Construction Industry Rules of the American Arbitration Association, R-51\(c\)](#) shall be amended to read: “parties to these rules will be deemed to have consented that judgment upon the arbitration award may be entered in the Tulalip Tribal Court;”
- c. In the event arbitration to resolve a dispute is necessary, the party seeking arbitration shall send a written notice that shall contain a detailed written statement of the claim and the parties shall meet as soon as practicable but not less than thirty (30) days after receipt of the written notice and attempt to agree on an arbitrator to decide the matter at issue.
- d. Selection of the arbitrators shall be pursuant to the following:
 1. Any such arbitration shall take place before a single arbitrator if the aggregate value of the Claim and any counterclaim is less than \$200,000, exclusive of costs and attorney fees. The parties shall endeavor to mutually agree on the arbitrator. Either party may specify and require that the arbitrator selected be an attorney licensed to practice law in the State of Washington and shall be experienced in the field of construction. If the parties are unable to agree upon the selection of an arbitrator within twenty (20) days of their first meeting, the parties shall each select an arbitrator and the two selected arbitrators shall together select a third arbitrator who alone shall decide the matter in dispute. For any Claim and counterclaim having an aggregate value of \$200,000 or more, a panel of three (3) arbitrators shall be appointed unless both parties mutually agree to a single arbitrator. Each of the parties shall designate one arbitrator and the third arbitrator, who shall be a lawyer with experience in construction disputes, shall be selected by the arbitrators designated by the parties. If the two selected arbitrators are unable to agree on a third arbitrator, the third arbitrator shall be appointed by the Chief Judge of the Tulalip Tribal Court.
- e. Following the initiation of arbitration, the parties shall cooperate in the exchange of information relating to the Claim, being guided by the scope of the applicable rules of discovery under the [Federal Rules of Civil Procedure for the Federal District Courts](#) including the local rules adopted by the [Western District of Washington. Discovery](#) shall not include interrogatories or requests for admission. The parties shall freely exchange documents relevant to the Claim and depositions shall be limited to those reasonably necessary for each party to prepare for or defend against the Claim. Disputes regarding discovery shall be resolved by the arbitrator or, where there is an arbitration panel, by the Chair.
- f. Arbitration may include by consolidation, joinder or in any other matter, an additional person or entity who is, or may be involved in, the Claim, including but not limited to the Designer of Record, lower-tiered contractors and/or suppliers, and consultants retained by the Designer of Record or Contractor. In order to effectuate the purposes of this Section Eleven, (f), the Contractor shall incorporate by reference the provisions of this Section Eleven, (f) in each lower-tiered contract.

- g.** In the event of arbitration between the parties hereto, declaratory or otherwise relating to the Contract Documents, and notwithstanding any other provisions therein, (1) each party shall bear its own costs and attorneys' fees if the aggregate value of the Claim and any counterclaim is less than \$200,000 and (2) the losing party shall pay all costs and attorneys' fees actually incurred by the substantially prevailing party if the aggregate value of the Claim and any counterclaim is \$200,000 or more. The parties covenant and agree that they intend by clause (2) of the preceding sentence to award the amount of attorney's fees actually incurred by the prevailing party, and that said clause (2) shall constitute an instruction to the Arbitrator that such fees shall be deemed reasonable.
- h.** A demand for arbitration shall be made within the time limits specified in this Section Thirteen as applicable, and in other cases within a reasonable time after the Claim has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such Claim would be barred by the applicable statute of limitations as determined pursuant to subsections (h.1), (h.2) and (h.3) below:
- 1.** Before Substantial Completion. As to acts or failures to act occurring prior to the relevant date of Substantial Completion, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than such date of Substantial Completion;
 - 2.** Between Substantial Completion and Final Certificate for Payment. As to acts or failures to act occurring subsequent to the relevant date of Substantial Completion and prior to issuance of the final Certificate for Payment, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than the date of issuance of the final Certificate for Payment; and
 - 3.** After Final Certificate for Payment. As to acts or failures to act occurring after the relevant date of issuance of the final Certificate for Payment, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued in any and all events not later than the date of any act or failure to act by the Contractor pursuant to any Contract Warranty provisions, the date of any correction of the Work or failure to correct the Work by the Contractor under the Contract Corrections of the Work provisions, or the date of actual commission of any other act or failure to perform any duty or obligation by the Contractor or Tulalip Tribes, whichever occurs last.
- i.** Claims and Timely Assertion of Claims. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.
- j.** Judgment on Final Award. The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in the tribal court of The Tulalip Tribes of Washington.
- k.** This limited waiver of sovereign immunity is solely for the benefit of the Contractor (and Subcontractors whose claims are sponsored by the Contractor, if any) and surety, and The Tulalip Tribes, by granting this limited waiver to the Contractor and surety, does not otherwise waive its sovereign immunity.

- I. The award rendered by the arbitrator shall be final. Judgment on any arbitration award may be entered in and enforced by the Tribal Court as provided in this section. The Contractor and The Tulalip Tribes shall comply with the arbitration award and shall not seek further remedy or appeal.

The amount of coverage is based upon the total completed value of the project (including the value of permanent fixtures and decorations.) Such insurance shall be on a special cause of loss form and may include such other coverage extension as the Tulalip Tribes deem appropriate. Unless otherwise provided for through agreement, the contractor experiencing any loss claimed under the Builder's Risk policy shall be responsible for up to \$10,000 of that loss. The negotiation and execution of this agreement shall be deemed by the parties to have occurred within the exterior boundaries of the Tulalip Indian Reservation and any interpretation thereof shall be in accordance with the laws of the Tulalip Tribes of Washington.
